

2 Guide on Parent Education Activity for Life Planning of NCS Students

The Guide on Parent Education Activity for Life Planning of NCS Students has been compiled based on the Youth and Community Service Project Team's experience in implementing the Pilot Project from 2015/16 to 2017/18. The guide aims to serve as a reference for teachers in providing parents of NCS students parent education activities such as **Parents' Briefing Sessions** and **Individual Counselling Service**.
