

EDUCATION BUREAU CIRCULAR MEMORANDUM NO. 64/2022

From : Secretary for Education

To : Heads of all secondary schools

Ref. : EDB(CG)ISS/20/4/(5)

Date : 24 May 2022

Non-local Further Education

(Note : This circular memorandum should be read by heads and career teachers of all secondary schools.)

Summary

The purpose of this circular memorandum is to urge schools to remind students intending to pursue their studies in non-local institutions to be cautious when making applications. School principals are requested to bring the content of this circular memorandum to the attention of their career teachers and students concerned.

Details

2. Students intending to pursue university, foundation courses, commercial, technical or other courses in the Mainland / outside Hong Kong are reminded to collect in-depth information before submitting their applications. Students can access reference materials¹ about non-local further studies on the Life Planning Information Website of Education Bureau at <https://lifepanning.edb.gov.hk/en/>. Besides, students may seek relevant information from the respective Consulates or Commissions of the countries concerned, or consulting organisations listed at the **Appendix**. Students are also advised to stay vigilant while submitting applications for admission, especially when it involves depositing a large amount of down-payment as registration or tuition fees.

1 For example, updated general information about studying in the Mainland and places outside Hong Kong and information of scholarships for further studies.

3. At present, the only organisations authorised to provide immigration facilities to enter the Mainland / places outside Hong Kong are China Travel Service (Hong Kong) Ltd. / the respective immigration services or Consulates in Hong Kong. Students should note that even if a visa is granted after making a payment to the travel agencies or other agencies, it does not imply that there is any connection between the two parties. Therefore, students should not get misled to believe that places of overseas education programmes or courses in the Mainland are secured after making payments to such agencies, or they have to bear the risks and loss so incurred.

4. Since the epidemic of Coronavirus Disease 2019 (COVID-19) is still severe in some countries / regions, students should pay attention to the epidemic situation and epidemic prevention policies / vaccination requirements of the countries in which they intend to pursue their studies as well as institution's arrangements for the commencement of the coming school year. Students are advised to make preparation as early as possible.

Enquiries

5. For enquiries, please contact the Career Guidance Section at 3698 4126.
