

何太	<u>Mrs Ho</u>
我會配合他的	I will accommodate him
如果他對數學有興趣的話	If he is interested in mathematics
那就著重在數學方面	Then we focus on mathematics
給他讀一些興趣班都有的	I have also arranged some extra-curricular activities for him
例如，英文，跳舞，彈琴，游水	Such as English, dancing, playing piano and swimming
都有分享過的	We will share opinions with each other
都不會影響他們的選擇	And I won't affect their choices
困難就是不能去逼他們	The difficulty is that you can't force them
如果逼他們就會令他們變得沒有興趣	Because it will make them lose the interests
影響他們對那一項課外活動的好感度	And affect their preference for that extra-curricular activity
擔當著他一個好好的朋友的角色	I am playing the role as his good friend
從而去分享我的個人經歷	Which allows me to share my personal experiences
跟他解釋一下這個社會是怎樣	And explain to him how this society is like
以及自己的經驗是怎樣	And what my own experience is
讓他自己可以分析下	Let him analyse by himself
怎樣處理自己的問題	how to tackle his issues
