

19 May 2022

Dear School Principal / Career Guidance Teachers,

The Australian Government is hosting the **Study Australia Virtual Fair on Saturday 28 May 2022**. There will be around 80 Australian universities, foundation program colleges, vocational education institutions, English test providers and government organisations at the fair to provide information on Australian study options and discuss study plans with prospective students.

The Study Australia Virtual Fair provides Hong Kong and Macau students an opportunity to learn about various study disciplines, flexible education pathways, scholarship programs, support services for international students, employability and internship opportunities, visas and more. Students and parents can choose to have live consultations with Australian institution representatives through audio or video calls and have their questions answered.

We believe the Fair will inspire students to discover their brilliant future self through Australian education and start paving their way for outstanding careers in the future - so we welcome your students, parents and career guidance / life education teachers to participate. Online registration is open at the event website: <https://studyinaustralia.events>. Prior registration is needed. The full list of institutions and organisations participating is also available there.

To help us reach students who may be interested in studying in Australia we would be grateful if you could disseminate the event information to your students and parents by uploading the Fair information onto your school website, e-newsletter and social media channels, or email the information through your students' database as appropriate.

If your school or teachers would like to speak with our Education Manager, Ms Eve Ching about Study Australia information, please contact her by email eve.ching@ustrade.gov.au or on 2588 5305.

We thank you in advance for your support and hope we can be of assistance in the future with information on Australian education for your students.

Kind regards

Andrew Carter
Trade Commissioner (Education) (Greater China)
